Gold Coast Concert Chorus
2009-2010 Concert Season

Welcome to our 22nd Concert Season!

Thank You for your continuing patronage. We are looking forward to another wonderful season together.

This will be another exceptional concert season, starting with our December concert, *Gloria!* Join us as we herald in the holidays with John Rutter's "Gloria", as well as many traditional favorites, accompanied by brass ensemble and organ.

In March, our classical concert, *Classical Potpourri*, will feature a delectable blend of choral favorites (with strings attached!).

Join us in June for *Our Great American Songbook*. We're sampling America's rich musical heritage including folk songs, spirituals and patriotic tunes.

This year's brochure is designed with a separate order form. You can also download a brochure and order form online at www.goldcoastchorus.org.

For your records, please record your ticket order here for future reference:
